

《First Term Examination and Related Issues》

Dear Parents,

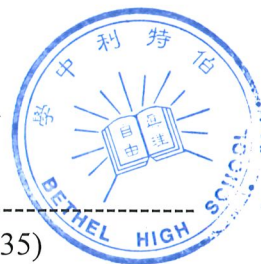

The details of the First Term Examination and related issues are listed below. It is hoped that parents can encourage their children to better prepare for the examination:

1. The First Term Examination (S.1 – S.5) will be held from 3/1/2020 to 14/1/2020. Please read all the relevant information in this circular about the examination timetable and scope of examination.
2. During the examination period, students should come to school and go to the examination venue by 8:10 a.m. Students must arrive at the examination venue at least 15 minutes before each examination session.
3. Casual leave for students during the examination period will not be allowed except for special cases. During the examination period, no matter how short the sick leave is, students have to fill in the Application for Leave column in the Student Handbook and submit a medical certificate. If a student is absent from an examination without following these procedures, he/she will incur zero marks in that subject. Absentees will not be given a re-examination. Nonetheless, absent students should still apply for leave as stated (please refer to the Student Handbook) and submit the leave application documents to the class teacher on the next school day. The examination scores of absentees who follow the correct procedures will be calculated from their daily marks.
4. If the EDB announces a class suspension during the examination period, the examination(s) on that day will be rescheduled and it will be announced later. The remaining examinations will be held on the date and time of the original schedule.
5. The First Term Exam Script Review Days will be held from 15/1/2020 to 21/1/2020. Students should come to school and have lessons as usual according to the original time table.
6. S.1 – S.3 promotion requirements:
 - 6.1 The total average score of a student in a year should be 45 or above; and
 - 6.2 The attendance rate of a student in a year should not be less than 90%.
7. S.4 – S.5 promotion requirements:
 - 7.1 The total average score of a student in a year should be 35 or above; and
 - 7.2 The attendance rate of a student in a year should not be less than 90%.

Yours faithfully,

 Mr. Chan Ka Fai
 (Principal)

《Reply Slip》

(BHS19035)

(Please return the slip to the class teacher on or before 4/12/2019)

To: The Principal of Bethel High School

I have read through the circular dated on 27/11/2019 and I know about the first term examination of my child, _____ () of class _____. I will urge my child to study hard for a good result.
