4. **Students should fill in the form (Annex 1) carefully, especially the subject entered, the corresponding papers / modules and language version of subjects entered.** When students fill in their English full name and Chinese Commercial Code, they should follow the information of their identity documents. Correcting the information afterwards may delay the registration.
5. Students should note the following when they register for the following subjects:
 - 5.1 Information and Communication Technology / Visual Arts
Students should choose the papers / modules for which they wish to enter.
 - 5.2 Category B (Applied Learning) subjects
Although there are no public examinations for Applied Learning subjects, students are required to register for the ApL subjects, otherwise the candidates' results of Category B (Applied Learning) subjects will not be shown on their results notices and certificates.
6. To facilitate the Hong Kong Examinations and Assessment Authority (HKEAA) in contacting students or disseminating important examination-related information to them via e-mail, **student must provide their e-mail address (mandatory)** and SMS phone numbers (optional) to the school. (Students who do not have an e-mail address should set up an account and must not use shared e-mail accounts.)
7. About Choice of Examination Centre District: While every effort is made by the HKEAA to allocate candidates according to the choice of district as indicated on their entries, the actual allocation will be subject to the availability of examination accommodation in various districts. The choice of district is not applicable to speaking examinations, practical examinations and subjects with small entries.
8. After completing the entry of the registration data into the System, the school will print the 'Candidate Entry Information Checklists' (CEICs) for students to verify their entry data.
9. After students receive their CEICs, they must verify their information, especially the subjects entered, the corresponding papers / modules / and language version of the subjects entered.
10. Students should check the information of their CEIC carefully and sign to confirm that all information contained therein is correct. Students should also keep the photocopy of the CEIC given by the school for their future reference.
11. The Finance Committee of the Legislative Council has approved a financial commitment for the Government to pay for the examination fees for eligible school candidates sitting the 2021 HKDSE.
12. According to the Examination Regulations, under special circumstances the HKEAA may at its discretion admit a candidate after the normal closing date for entry, allow the addition or substitution of subject(s) to a candidate's entries, allow changes in a candidate's choice of paper, or sections within a paper, etc., on payment of a supplementary fee in addition to the normal examination fee. For details, please refer to the <Instructions to Applicants>.

13. **Each student should submit to the school two recent photographs (3 cm x 4 cm) showing his/her head and shoulders on or before 30th September 2020.** The School will keep these photographs and affix them on the admission form and the Graduation Certificate when they are issued in mid-February 2021 and the Graduation Ceremony respectively.
