Students need to undergo rapid antigen tests daily if they need to attend face-to-face lessons and they will have to test negative before returning to school. Students who have not received two doses of vaccine will also be banned from participating in any mask off activities at school to minimise the risk of infection. Moreover, students need to receive at least two doses of vaccine before entering the school premise when they are not having face-to-face lessons. Students should not enter the school premise if they test positive.

Please contact the school if your child encounters any learning difficulties in online classes or needs emotional support. Should you have any enquiries, please contact Mr. Tsoi Chung Kwong at 2471 2622 during office hours. Please kindly sign the electronic circular by 18 April 2022. Let us pray for all students, parents, teachers, staff and Hong Kong citizens. May God bless everyone with good health and the epidemic can soon be eradicated.

Yours faithfully,

Mr. Chan Ka Fai
Principal
